INTERNATIONAL SOCIETY FOR RESPIRATORY PROTECTION European Section

If your details are correct on our parent website, www.isrp.com, you should have been sent an Email about this event last week that will seem to have come from Gabriele Troescher, who is running the technical committee. If you didn't get this Email and think that you are a paid-up member let me know. In the meantime I will place details of the event on www.isrpeurope.com shortly.

There will be a registration fee for the Conference and there will be opportunities for sponsorship. Obviously, protection against infectious disease will be a major theme of the conference.

3. Journal

I need to remind you that the ISRP Journal went entirely paperless a couple of years ago. It is available at:-

<https://www.isrp.com/the-isrp-journal>

Some of the papers are open access and can be read by anybody but most of the recent and historical content is for members only.
